

TRUSTEES MEET

USUAL NUMBER OF REPORTS, PROTESTS AND APPLICATIONS RECEIVED.

WEEKLY REPORT OF THE FINANCE COMMITTEE.

The Board of Trustees met in regular session last evening, all the members present.

Notwithstanding the fact that it was a stormy night there were quite a number of gentlemen in the lobby although they are not thought to be so by one contemporary.

The minutes of the last meeting were read and approved.

The Street Committee recommended that further time be granted finishing the work on College avenue.

In the matter of the opening of Tenth street the Engineer stated that he had received no answer from the property owners there and he asked for further time to make his report. Granted.

The Home Protection Club of South Berkeley filed a protest against granting a saloon license to J. G. Pitman, on Alcatraz and Adeline streets. Referred to the Marshal and License Committee to investigate and report at next meeting.

The Alameda Water Company filed a protest against the reduction of the water rates and the matter was referred to the Committee of the Whole to meet next Saturday evening.

E. F. Niehaus presented a protest against the sidewalk on Channing way from San Pablo to Third street, stating that it was the desire of the property owners to have the street graded and macadamized. Laid over for one week.

S. A. McKee and others appealed from the assessment of Alcatraz avenue sewer, stating that the pipe was not properly laid, and objection to all the work as the specifications were not complied with. Referred to the Attorney.

A petition to sidewalk King street from Fairview to Alcatraz avenue was granted.

An extension of sixty days time was granted to W. J. Schmidt for work on Bowdich street.

Sixty days extension was also granted to J. M. Creed for grading Oxford street.

Petition of Peter Steadman to construct a sidewalk on Stuart street between Fulton and Shattuck avenue was denied.

Thos. Creigmire was granted permission to construct a sidewalk 150 feet on east side of Fulton street by private contract.

A large number of bids were opened for street work and the following bills were granted:

Thos. Creigmire was awarded contracts on the following work:

Sidewalk on Wheeler street from Russell to Ashby avenue, cross walks 19 1-2 cents and sidewalks 15 3-4 cents per lineal foot; sidewalk on Grant street from Russell to Stewart street, crosswalks 19 3-4; sidewalk 15 3-4; sidewalk on Fulton street between Ashby and Prince, same price.

Resolution of Intention to sidewalk Stewart street from Shattuck avenue to Fulton was adopted.

Resolution of Intention to culvert Allston way was laid over for one week.

Ordinance adopting street grades for Alcatraz avenue was adopted by a unanimous vote.

Resolution of Intention to grade curb and macadamize Alcatraz avenue full width of the town was adopted.

Resolution of Intention asking for bids for sidewalks on Oregon street, from Grove to Telegraph avenue and on the unfinished portions of University avenue and on Hilgard avenue from Euclid to Le Roy avenues Prince street from Deakin to Adeline, Alcatraz avenue from Adeline to east town line.

Resolution ordering the work for sewer on Dalton street, from Idaho to 150 feet west, was adopted.

Judge Lord appeared before the Board and asked that the Board pass an ordinance making it a penalty for the coroner to take bodies from Berkeley to Oakland. Dr. Rowell spoke on the same subject. The Board referred the matter to the attorney and the Health Officer.

The Finance Committee reported favorably upon the following bills:

GENERAL FUND.

J. W. Striker.....	\$ 2 05
John McCarthy.....	35 40
M. E. Jaffa.....	1 40
Winfield Schmidt.....	20 00
Herald Publishing Co.....	37 60
John Camack.....	5 00
James Kenney.....	1 00
Geo. F. Mohr.....	2 50
Geo. E. Parker.....	5 00

ROAD FUND.

R. Moore.....	40 00
P. Fee.....	4 00
Thos. Gilsonan.....	124 00
M. Roach.....	6 00
M. M. Shaw.....	6 00
N. W. Miller.....	6 00
E. J. Gordon.....	75 00
Schmidt & Zehner.....	2 00

The question of a free license for the cooperative woodyard was discussed. The parties who allowed the woodyard to be placed where it was, stated that they gave consent thinking that the students were going to saw and split wood by hand, but as they had buzz saws and a thrashing engine it was a nuisance. The Board refused to grant a free license.

The ordinance compelling the Southern Pacific to stop all trains at West Berkeley was read the second

time and was adopted, and is now a law.

A deed of property covered by the opening of upper Cedar street, was presented by J. Wheeler, and the same was referred to the commissioners.

Attorney Graber gave a written opinion in regard to the proceedings in the opening of Cedar street, which were regular, and the Marshal was instructed to continue the work.

The marshal was empowered to do the necessary work on Adeline and Mason streets.

The protest of Mary Townsend was read by the clerk, but did not come up properly and hence was laid over until the proper time. This caused quite a little discussion between the attorney and Chas. Townsend.

There was quite a spirited discussion between Rickard Lloyd and James Kelley over the license of E. Guittiere, which was finally cut short by the Board granting the license.

The Board transacted a little more routine business and adjourned until next Saturday evening as a Committee of the Whole.

All California Interested.

The Vallejo Chronicle says: The Lady Managers and Board of Trustees of the Good Templar's Home for Orphans have, within the last few months, made rapid strides in the matter of improvements at the home.

For a long time it has been the desire of the officials to protect the inmates from a hurried flight from the building in case of fire. As is well-known, children can be marshalled into line during daylight and made to leave the building in an orderly manner without danger. In the late hours of the night or early hours of the morning, when an alarm of fire is sounded, the situation is entirely different. Frightened out of their senses the little ones become bewildered and accidents, if not loss of life, usually follows:

To prevent any such occurrence a fire and water system is in operation at the Home that is a credit to the officials. A splendid gasoline engine has been placed in position. Racks containing hose are now to be found on all the floors. The latter is of sufficient length to reach every room and in the event of a blaze there is every opportunity to extinguish it speedily. Not only will the engine do valuable service as a fire-fighter, but with its assistance all water is pumped to the tanks and is made to perform other useful service.

At present additional interior improvements are being made and in consequence the comfort of the inmates is increased.

At the home affairs are progressing nicely and it can be said to the credit of the I. O. G. T. that they have one of the best managed institutions for orphans in the State. The little ones have every opportunity to secure good schooling and the interest taken in their welfare is best appreciated by those who are acquainted with the actual work accomplished.

FROM THE CAPITOL.

The Old Time Lobby has Cropped out in the Legislature.

SACRAMENTO, Feb. 9th.

It is only within the past few days that anything resembling an old time lobby has cropped out in the Legislature. In the Sergeant-at-arms rooms, and in all the halls and corridors only a few relics of the once influential members of the Third House were visible, standing in listless contemplation of the glorious days when the "sack" was open at both ends. The members seem to be doing their own lobbying, and as it is well-known that there are certain members of both Houses who are careless about attempting to disguise the fact that they are out for the "stuff," and acting as agents of corporations, the onlooker paid but little attention to their antics. I do not wish to be understood as casting an intimation on this Legislature as a body, but it is said there are black sheep in every flock. As a whole the present Legislature comprises the most respectable set of men I have ever seen assembled in our State Congress, and with a strong sprinkling of men of talent and parliamentary and legislative ability. Most of the apparent lobbying, until recently, was by various delegations from various parts of the State in which public institutions are located, to either secure increased appropriations or prevent the cutting down of the same. But the new lobby that has popped up is bent on the furtherance of private schemes at the expense of the State. Among these can be classed the so-called Swamp Land Bill. I was told by prominent taxpayers, who have studied the bill, that it is an attempt to rob the people for the benefit of the millionaires.

"Retrenchment and Reform," is the watchword of the present Legislature, but I think the movement has commenced at the wrong end when it seeks to reduce the wages of labor, as is contemplated on the earnings of the employees engaged in humble and laborious occupations. There can be no objection to the scaling of the salaries of incumbents drawing big pay for small services, who spend their income in high shirt collars, buttonholes, and "chassing chippies," but the man who does an honest day's work for the State should receive an honest day's pay. One of the retrenchment features contemplated is a cut in the wages of the employees of the Capitol grounds. The printers in the State Printing office have suffered, not by a cut in wages, but in another way. Instead of steady work you get phalanxed; work this week, off next—see. If the Legislature must prune the tree let it cut off the useless branches and leave the trunk and roots unharmed, for labor is the trunk of society and the roots of all human production. Besides, it is bad policy to antago-

nize labor by any party in an overwhelming majority, as it has this Legislature, and it will not work in future elections when the Republican party candidates are spouting of their love for the welfare of the laboring man.

The Legislature, up to this time, has practically done nothing but whine and talk about attaches, although it has been in session over thirty days. A great hinderance to Legislation is caused by a number of "strong-minded women," (?) who take up the time of the law makers in lobbying with them and making day and night speeches in both Houses to have a constitutional amendment ordered by the Legislature to be voted on at the next general elections giving them the right to vote.

Your correspondent was in favor of women's rights until he heard the arguments used by the ladies sent here from Frisco and other villages. They not only want the right to vote and hold office, but they want to dictate to the male what he should do. If they get in power wages for the clerk, lawyer, laborer and gripman will be reduced 75 per cent. The man will have to stay at home (if he is lucky enough to have one) while the wife will do the rustling.

John P. Irish is here trying to explain to the law-makers, why they should let the Home for the Adult Blind alone, as he says he can manage that himself, even if he is naval officer, commissioner of the Yosemite Valley Park, etc.

District Attorney Chas. Snook, Frank C. Jordan, Charles Spear, Geo. Reed and other Oaklandites are here. They do not want the Legislature to monkey the salaries they now receive as county officers.

The authorities here have as they say a sure clue to the Webber murderers, two of them being Sacramento men, Joe and W. H. Sprout, and the third an ex-convict named Harry Sands, alias "Shy Red." George Sprout, a third brother is in jail here, serving out a sixteenth sentence for vagrancy. He broke jail here some two weeks ago but was captured in Oakland and brought back here. More anon.

J. J. NASH.

P. S.—Seventy-eight men were laid off last night at the printing office for one week. Your correspondent got the ax for that length of time.

A gentleman, accompanied by a favorite dog, visited the studio of one of our Cincinnati artists the other day. There was a picture on the easel, and the dog began to bark furiously at it. "Nature may be relied upon, after all," said the gentleman. "The best evidence of the faithfulness with which you have painted that dog in the background is the earnestness with which my dog barks at him." "But that isn't a dog," said the artist, blushing, "it's a cow." The gentleman was nonplussed for a moment, but he quickly replied, "Well, the dogs eyes are better than mine; he never did like cows."

TUESDAY, FEBRUARY 12, 1895.

IT MAY BE FAR REACHING.

The garbage question is creating quite a little stir in Oakland, Cal. John P. Irish has taken the matter in hand and covered himself with war paint. He has had four scavengers convicted of maintaining a nuisance. Their plea was that they were only following out the instruction of the City Council in dumping the garbage where they did.

Col. Irish agreed with the parties in this proposition and now he proposes to commence suit against the Councilmen for passing such a resolution. If they should be convicted it may lead to similar suits in other parts of the State where resolutions have been passed that will not stand the test of the law. Many people will await the outcome with a great deal of interest.

A SUGGESTION.

It would not be a bad idea for the Oakland newspapers to overhaul the names of jurors serving in that city and see if they do not find names that appear on the rolls year in and out, and if so found discover how it occurs that way.

A recent visit to the Folsom State Prison has developed the fact that broken stone for macadamising streets and roads throughout the State can be furnished there at a nominal price. The railroad company is to be interviewed and a price found out as to the cost of this material delivered within 100 miles of Folsom. It is quite certain that an immense business could be done in this line if the Railroad is any way reasonable in the price of freight.

Washington's birthday will be celebrated in San Francisco by the Junior Order of United American Mechanics, which order has twenty-two subordinate councils in this State. The association is a patriotic one and was organized in 1853 in the State of Pennsylvania. It is said that there are 250,000 members belonging to it.

The weather was so cold in Florida yesterday that a great number of orange trees were killed. A hundred thousand boxes of strawberries which would have been shipped after the 20th of Feb. and all of the early vegetables were destroyed. The loss in the State will run up into millions of dollars.

The New Woman is coming, at least one would think so from reading the daily or weekly press. It isn't the new Woman who gives us any concern, it is the old woman who keeps us constantly on the watch.

If all the recommendations of the Assembly Committee on Public Buildings for public buildings the State will spend during the next two years pretty nearly a million dollars.

Prices Are Lower Now.

It was years ago when the following list of prices struck our notice at a bootblack stand and it was copied for future use.

Annexation.

A writer in the *Enquirer* says, in relation to annexation to Oakland, "many people of moderate means have come into this section, (Temescal) bought small homes, have them partially paid for, and now desire to see certain public improvements made that their property may be enhanced in value. They also wish to see sanitary measures adopted that will tend to preserve life and health and reduce the doctor's bill; that we may have street lights, fire and police protection, and free mail facilities, and with fire facilities the cost of insurance would be largely reduced. Had Temescal been annexed to Oakland ten years ago it would today contain as many fine homes and possess as much wealth as does East Oakland."

Subscribe for the "Gazette"

St. Valentine's Day.

St. Valentine's Day will soon be here and the young people are full of excitement about it. Wide-a-wake dealers in valentines generally get an attractive stock on hand and let the public know all about it by advertising in the local papers. As nothing in this shape has shown up this year it is presumed that there will be none for sale in Berkeley and all persons desiring anything of this kind will have to patronize either Oakland or San Francisco. Perhaps there is no money in this kind of goods. Even if there is not the showy valentines attract attention to other articles in a store which are often called for and give a profit.

Temescal.

The surveyor having reported favorably, the Board of Supervisors has granted the request of Temescal for the acceptance of Fifty-fourth street, between Telegraph avenue and Grove street.

The petition from residents of Temescal for the acceptance of Thirty-ninth street, between Grove and West streets, was reported on by the surveyor. He found that there was an encroachment on the south side on the west end, which he recommended should be removed before the street was accepted as a county road. The clerk was requested to notify the parties interested of this opinion.

Good Government Club.

The Good Government Club held their annual meeting last Saturday evening and elected the following officers for the ensuing year: President, Thomas Addison; vice-Presidents, Reuben Rickard, G. W. Fletcher, S. E. Moffett, A. L. Lange and Joseph Garber; Treasurer, J. G. Easton; Executive Committee, John M. Foy, H. L. Whitney and A. T. Eggleston; Membership Committee, A. W. Naylor and John Henderson.

The following named persons are on the list submitted at the meeting of the Board of Supervisors from Berkeley to act as trial jurors: Edward J. Gordon, Fred. Wass, Mangles Kuhlken, Charles Wallberg, Charles C. Underwood, Patrick Cahill, James Woodall and J. B. Straighttip.

Mary A. Townsend has filed a protest against widening Shattuck avenue between Dwight way and Channing way, on the ground that it is not a necessity.

The GAZETTE consists of six pages this evening, owing to two pages being devoted to the advertisement of the Temescal Annexation Proclamation.

Dr. D. has a bright little girl about four years of age, who is very fond of dolls, and he buys a new one for her nearly every day. He brought her a new one the other evening, but it did not appear to take her fancy at all. "What, don't you like the nice new doll?" he asked after watching her a few moments. "I's tired of stuff dolls. I want a real meat baby," she replied earnestly.

The acceptance by Queen Victoria of the volume of Tupper's poems suggests a queer sort of criticism of that alleged poet to the London News, which says that "he is, as it were, a refined and chastened Walt Whitman." Does it follow that Whitman is, "as it were," a vulgar and uproarious Tupper?

Fun at the Capitol.

Last Saturday night two newsboys got into an altercation in the rotunda of the Capitol, and had a lively scrapping match at the base of the statue of Columbus and Isabella. A Senator came along and became very much interested in the combat. One of the fighting lads was colored and as he was apparently getting the worst of it the Senator cheered him on with words of encouragement. While he was clapping his hands and crying, "Sail in Sambo," another Senator hove in sight. His blood was aroused at the act of his brother Senator and called him a "dirty dog."

Now a Senator can stand almost anything. He does not flinch when they accuse him of stuffing registers, taking bribes, selling his vote, introducing cinch bills, lying, stealing, etc. but he draws the line at being called a "dirty dog." He cannot stand this. As soon as that epithet is used he resents it and begins "to mix." That was the way of it last night—it was resented with a slug in the jaw, and then the two Solons went at it hammer and tongs. It was the greatest fight Chris had witnessed since he sailed from Palos and Isabella said she would give all her jewels to see just such another scrap.

The Capitol policeman called for help and the two statesmen were separated at the beginning of the fifth round.
